WELCOME TO:

EL FISH FRITANGA

Our history started in 2004, with a small restaurant on the heart of the Hotel Zone, where you can relax and chill on the sand at the shore of the Nichupté lagoon. “El fish fritanga” was created by locals and for locals. The pescadillas are our most symbolic dish, the success has been so big that when tourists started to come, soon we were the most preferred place because of our local taste.
